

Vision Mission

Quality Objective Performance Indicators

VISION

To be an inclusive,
modernized, and resilient
border control organization
that exercises a culture
of excellence
and accountability.

MISSION

Secure the borders
through automated
and streamlined
immigration control
system.

QUALITY OBJECTIVE

1 The management commits to develop, implement, and continually improve the effectiveness of systems and processes through sound policy making and effective implementation of management strategies such as automation and modernization.

2 Securing the borders through systematic immigration control.

3 Provide excellent immigration service in compliance with applicable laws, rules and regulations.

4 Provide adequate general administrative and support services to operations.

5 Ensuring personnel welfare and competency through strategic human resource and capacity building program.

6 Adopting current trends of technology and streamlining of processes as far as practicable.

7 Strengthening cooperation with other government agencies, immigration counterparts, and stakeholders.

QUALITY POLICY

The Bureau of Immigration
is committed to provide excellent
immigration services through the
adoption of modernized, inclusive,
and resilient border management
as well as steadfast compliance
with applicable statutory
and regulatory requirements.
