NOTES: 1. This Request for Performance Testing (RPT) must be correctly and completely filled-out by an authorized representative. An accomplished form will be submitted through the official email of PLSD (csl-plsd@fda.gov.ph). The client will initially submit : 1a. Signed and accomplished RPT page 1 and 2 in PDF file format (A4 Size). 1b. The entire RPT in excel format. 2. The client shall follow the corresponding payment details and shall pay the non-refundable fee as indicated pursuant to DOH AO No. 2007-0023 and DOH AO No. 2008-0028. For modalities 2.1 Radiographic, 2.2 Radio/Fluoroscopic and 2.10 Imaging system, a separate payment and application will be applied for each additional detectors. 3. This form shall be used only when requesting for performance testing. One testing form shall be used per modality. 4. The PLSD may ask for more information from the requesting party if necessary. 5. The PLSD reserves the right not to agree to perform any testing service. 6. A PLSD Code will be assigned by the PLSD to each modality when the RPT is accepted. This number shall be referred to in all subsequent communications. 7. The services offered by the PLSD are stated in "2. Modality". Refer to CDRRHR guidelines regarding the modalities required for licensing.

I hereby certify that the foregoing information and all other data submitted in connection with this application are true and correct. I understand that the failure to report all required information or submission of false or misleading information is an offense punishable by law. I certify that I have examined the following statements and we attest to their accuracy.	

DECLARATION OF PREPAREDNESS

Instructions: Tick the box of the selection/s applicable to you and submit this form via email in a compiled PDF to csi-plsd@fda.gov.ph and to assigned HP Team before the schedule of performance testing.

Requirement No. 7.1: FACILITY PREPAREDNESS

- ☐ The machine/s shall be completely installed and fully functional according to the terms and conditions of procurement such as, but not limited to, adequate power supply/generator, shielding requirements, installation service report, etc.

Requirement No. 7.2: SERVICE ENGINEER

- ☐ The Service Engineer (SE) shall be available on date/s of performance testing and is authorized to make necessary adjustment, if needed.

Requirement No. 7.3: APPLICATIONS SPECIALIST/ RADIOLOGIC TECHNOLOGIST

- ☐ The Applications Specialist (AS) and/or licensed Radiologic Technologist (RT) shall be available on date/s of performance testing and is authorized to operate the machine.

Requirement No. 7.4: DAILY TRAVEL EXPENSES

(The Daily Travel Expenses (DTE), stipulated in Executive Order No. 77 dated 15 March 2019 and Department Order No. 2019-0225 and its amendments, to be incurred on the duration of the schedule of performance testing shall be shouldered by the requesting party pursuant to FDA Personnel Order.)

Requirement No. 7.5: ACCOMMODATION

- ☐ The reservation or confirmation booking for the accommodation, if applicable, shall be provided to the FDA team. In compliance to existing COVID-19 protocol, a separate room for each member of the FDA team shall be provided to prevent the possible spread of COVID-19

☐ Not applicable

Requirement No. 7.6: AIR/SEA TRANSPORTATION

- ☐ The booking ticket/s or itinerary receipt/s for air and/or sea transportation, if applicable, shall be provided to the FDA team. Baggage allowance, at least 20 kilos with at least two (2) pieces allowable per member of the FDA team, is provided for the test equipment and personal luggage.

☐ Not applicable

Requirement No. 7.7: LAND TRANSPORTATION

- ☐ The car make/model, plate number, and name and contact number of the driver or coordinator for land transportation shall be provided to the HP team. The provided car transportation shall be enough for the number of members of HP team and the test equipment.

Requirement No. 7.8: MACHINE SPECIFICATION

- ☐ The copy of technical specification of the machine/s shall be provided upon request of the HP team

- ☐ The leakage technique factors¹ shall be provided to the HP team from the manufacturer.

Maximum Rating (kW)	Tube voltage (kV)	Tube current (mA)

¹ for ionizing radiation-emitting machine/s only

☐ Not applicable

Requirement No. 7.9: PURCHASE ORDER

- ☐ For government-procured machines, the copy of Purchase Order (PO) and/or other related documents shall be provided to the HP team.

Requirement No. 7.10: EXPOSURE INDICATOR

(For digital radiography (DR) and Computed Radiography (CR) systems, the following shall be provided to the HP team)

- ☐ Calibration conditions (kV, mA/mAs, SID, filter, etc.)

kV	mA/mAs	SID	Filter	Other Conditions

- ☐ Calculation of Exposure Indicator (EI) relating to the detector air kerma

--

I certify that applicable and relevant requirements, as part of our request, are complied and that all information supplied and attachment/s provided are true and correct. Further, I confirm the schedule of performance testing and agree to the terms and conditions stated herein
